

MONOBOX™ P7 PLASTIC PIT

Product Code: 50201367

Manufactured to Australian Standard AS/NZ 3996, our MONObox™ P7 Plastic Pit is rated Class B and is made from up to 90% recycled materials for a sustainable and environmentally friendly product for your project.

 MATERIAL
High Density Polyethylene (HDPE)

 SIZE
1047mm (L) x 578mm (W) x 1142mm (D)

 LOAD RATING
B

Features & benefits

A Range of Cover Options Available

Class A and B covers are available for MONObox™ P7 Plastic Pit. Including concrete, composite, cast iron and GMS cover options.

Manufactured by Rotational Moulding Process

Our P7 Plastic Pits are manufactured by a rotational moulding process using black ultraviolet light stabilised high-density polyethene material and meet the stringent requirements for installation and long-term use.

Variability in Size

Our MONObox™ P1 to P9 plastic pit range comes in nine different sizes to ensure you have the right pit for your project.

Full specifications

Material	High-Density Polyethylene - HDPE MONObox™ plastic pits are manufactured by a rotational moulding process using black ultraviolet light stabilised high-density polyethylene material and have been developed in partnership with industry and major authorities to ensure they meet the stringent requirements for installation and long-term use.
Australian Standards	Our MONObox™ plastic pits are designed and tested for Class A applications, under the Australian Standard AS/NZ 3996.
Load Rating	Manufactured to a Class A load rating (ultimate limit state design load of 10kN) under the Australian Standard AS/NZ 3996. Pits can be rated up to Class B when backfilled with crushed rock or stabilised sand with internal PVC pipe support.
