

GASKET P2

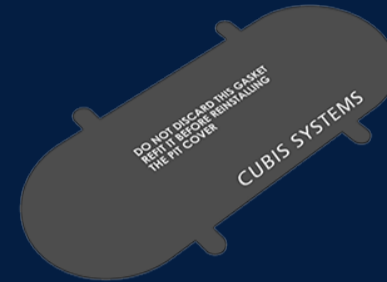

Product Code: 50201245

A range of gaskets to prevent ingress of backfill, dirt and foreign objects from damaging internal cabling.

 MATERIAL
High Density Polyethylene (HDPE)

 SIZE
610mm (L) x 240mm (W) x 3mm (D)

 LOAD RATING
B

Features & benefits

Reputable Product Range

Our MONObox™ plastic pit range is used across a variety of telecommunications, electrical, air, rail and road projects, providing a reputable product to make sure you are completely satisfied with your pit.

Extensive Lifespan

Manufactured by a rotational moulding process using black ultra violet light stabilised polyethylene material, your pit is guaranteed to be durable and withstand harsh outdoor conditions.

Provides OH&S Benefit

The MONObox™ plastic pit range is lightweight and stackable, allowing for easy transportation requiring less room and thereby reducing costs.

Full specifications

Material	Our MONObox™ plastic pit range is manufactured from up to 90% recycled materials ensuring that your pit solution is sustainable and environmentally considerate.
Australian Standards	Our MONObox™ plastic pit range is designed and tested to Class B applications, under the Australian Standard AS/NZ 3996.
Load Rating	Pits can be rated to Class B when installed in the ground and backfilled with crushed rock or stabilised sand with internal PVC pipe support. A range of covers to Class B are available to match each plastic pit depending on the load rating required.

*PIT NOT INCLUDED
