

RISER CONCRETE 300MM 1000X1000X300X90MM

Product Code: 50201510

Infrastructure Products Australia's defence riser range incorporates SCEC endorsed locking cover assemblies which can be placed on top of our SCEC endorsed precast concrete pits to create depth variation.

 MATERIAL
Precast Concrete

 SIZE
1180mm (L) x 1180mm (W) x 325mm (D)

 LOAD RATING
D

Features & benefits

Steel reinforced for robustness

Our precast concrete covers are manufactured using minimum 40MPa steel reinforced concrete to ensure strength and integrity of the cover.

Variability in size

Our range of precast concrete covers come in a variety of sizes to ensure you have the right cover for your project.

Nationally approved for key industry authorities

Many networks and asset owners have approved our precast concrete cover range for specific project requirements.

Full specifications

Australian Standards

Our precast concrete cover range is designed and built for a Class D load rating, meeting the Australian Standard AS/NZ 3996.

Load Rating

Infrastructure Products Australia's precast concrete riser are manufactured to a Class D load rating (ultimate limit state design of 10kN) under the Australian Standard AS/NZ 3996.
