

MULTIDUCT™ 4 WAY CLIPLESS DOUBLE SPIG ATT24.0 BK

Product Code: 50201735

MULTIduct™ is a durable, lightweight and structural multiple duct cable protection system offering a modern alternative to traditional cable ducting systems. 4 way clipless double spigot bell is used in cases where the existing duct position is unknown and therefore allows seamless integration.

 MATERIAL
High Density Polyethylene (HDPE)

 SIZE
135mm (L) x 341mm (W) x 341mm (D)

 LOAD RATING
B

Features & benefits

Lightweight HDPE

Can be transported by a ute and assembled by a single person without the need of heavy lifting machinery.

Quick assembly

Each unit can be installed in under one minute

Application

Four slots for four applications

Full specifications

| | |
|--------------|--|
| Material | Manufactured from high density polyethylene (HDPE), MULTIduct™ offers a lightweight, high strength to weight unit. With parts weighing below 20kg MULTIduct™ offers significant health and safety advantages permitting a single person lift and install. |
| Load Rating | Infrastructure Products Australia' MULTIduct™ manufactured to a Class B load rating (ultimate limit state design load of 10kN) under the Australian Standard AS/NZ 3996 |
| How it works | Interlocking male and female clips make installation process seem like a puzzle. Installation is as easy as lining the clips together and clicking the duct into place. Interior of the ducts is seamless and eliminates disengagement during cable pulling. |
